

Southern Futures & FEVER 2009 Vocational Training Course

Justice Studies – The Justice System

Part of Cert 3 Justice Studies Code ABB

The Justice System unit is an introduction to law, and is part of the required studies for police officers. Mainly theoretical, students need to be self disciplined to undertake regular weekly homework, and attend all sessions. It covers the origin of law, current sources of law; Types of law; Administration of law – courts and the adversary system; Enforcement of law – police and govt departments; Alternatives & reform of the Justice System. This is a community course with general public participating.

Desired attributes:	Have good command of the English language (written & spoken), have sound organisational & interpersonal skills, ability to work under pressure and meet deadlines, ability to work independently, have an aptitude to work with computers, have good grooming and personal presentation, and be able to act with tact and discretion.
