Community Partnerships @ Work 2010 Vocational Training Course

Introduction to Trades – Vocational Preparation

Part of Certificate 1 & 2 Conservation & Land Management (RTD02), Community Services (CHC02), and Metal & Engineering (MEM05) , and IVEC units

This is a pre-apprenticeship programme which will prepare students for work or further study in the engineering, mechanics, building or prefabrication trade areas. It has a strong emphasis on improving the literacy and numeracy skills as required by industry. Students who apply for post school TAFE courses will gain extra credit for having successfully completed this course. Parents and students need to be aware that this is a 'general access' course, and may have non-secondary students in it.

Desired attributes:	Students need to enjoy practical and manual work, be physically fit, have good eyesight & good hand-eye coordination, be able to carry out repetitive tasks quickly and methodically, be able to work as part of a team, be able to read instructions and be safety conscious. Year 11 or 12 students preferred
Career Pathways:	Entry into TAFE courses, apprenticeships further training or employment. Refer to www.myfutures.edu.au for career pathway information Intro to Trades ⇨Practical Carpentry ⇨General Construction Cert 1 (Multi-skills) ⇘ General Construction Cert 1 (Bricklaying)
