

2012 Vocational Training Course

White Card (Basic OH&S qualification for accessing construction sites)

Part Cert 1 Construction (CPC10108)

This qualification provides the essential basic knowledge for an individual to be able to enter a construction site as a worker. Successful completion of all in-class tasks will result in the issue of a nationally recognised White Card qualification.

Desired Attributes:	Genuine interest in acquiring OH&S skills appropriate to working on a building/construction sit. Good work ethics in class so as to allow all assessment to occur in class time.
Career Pathways:	All construction site workers must have passed the White Card course before being able to start work on that site. The course is an adjunct to building & construction, electro-tech, engineering courses. Refer to www.myfutures.edu.au for career pathway information
